PRODUCT CATALOG

*Clearly the Best in Motorcycle
Wind Protection*

All shields come standard to fit both 7/8" and 1" handlebars.

Enterprise

S-00 Enterprise

Dynamic sculptured styling enhances the appearance of your bike without affecting its lines. Longer lowers give added protection against weather and road hazards. A specially designed cushioned seal headlight cutout allows the Enterprise to fit both a round and square headlight. A strong four-point fully adjustable anodized aluminum ball and socket mounting system and two-piece lower fork clamp provide mind-easing stability.

Dimensions: 21" H x 35" W x 19" B

Part#

S-00-C Clear

S-00-T Smoke

S-02 Spirit

Advanced design, sporty graphics and definitive lines combined with all the standard features of the S-00 Enterprise gives you a sporty, touring shield second to none. One shield fits both round and square headlights.

Dimensions: 21" H x 35" W x 19" B

Part#

S-02-C Clear

S-02-T Smoke

S-03 Slipstreamer (The "Original")

This is the shield that started it all! Although there have been a few design changes, this is the same shield Slipstreamer was built with. It is aerodynamically designed to provide maximum wind protection. Lightweight, high visibility and performance cut wind noise and adverse air flow make the S-03 still the leader of the line. One shield fits both round and square headlights.

Dimensions: 21" H x 35" W x 19" B

Part#

S-03-C Clear

S-03-T Smoke

S-05 Turbo

Ideal for most round headlight motorcycles from 200cc to 750cc, the Turbo provides excellent wind protection without the use of a full-size fairing. Fully adjustable anodized aluminum ball cushioned headlight seal, identifying graphic mark this year's Turbo look. Fits round headlights only.

Dimensions: 19 3/4" H x 32" W x 14" B

Part#

S-05-C Clear

S-08 Sport Shield

A universal handlebar-mounted shield that will fit most standard street and touring motorcycles. The S-08 is for riders who want more than a windshield but less than a large fairing. Available in clear or light smoke tint. Strong 4-place mount installs easily and holds secure. Fits round headlights only.

Dimensions: 20" H x 21" W

S-09 Cobra

Curved looks and distinctive styling make the Cobra the striking leader in small fairing protection. With its exclusive anodized aluminum disc hardware system, it can be taken off and put back on in seconds and is fully adjustable for height and angle. Fits either a round or square headlight. Fits with 7/8" and 1" handlebars. Available to order are 7/8", 1 1/4" and 1 1/2" clamp kits.

Dimensions: 16 3/4" H x 19" W

Part#

S-09-T Smoke

S-09-CHR-T Chrome Smoke

SS-10 Viper

The newest addition to our handlebar line is the Viper. This is the big brother to the S-06 Spitfire. It shares the same quick-release anodized aluminum disc hardware system popular on the Spitfire but offers more coverage for better safety and wind protection. Fits just round headlights only. Available in clear and solar tint. 7/8", 1", 1 1/4" and 1 1/2" mounts are available.

Dimensions: 17 1/4" H x 22 1/4" W

SS-24 Hellfire

Designed to meet the needs of today's rider, the SS-24 is the ultimate cruiser fairing. Using the fully adjustable anodized aluminum ball and socket 4-point mount system, compound curve bottom edge for round/square headlight application. Distinctive graphic. Available in clear and smoke tint.

Dimensions: 17" H x 22" W

Part#

SS-24-C Clear

SS-24-T Smoke

SS-24-V Hellfire V

A shield built to cruise, literally! Specially designed shield provides excellent aerodynamic wind deflection and good looks and styling. Fully adjustable anodized aluminum ball and socket 4-point mount system. Distinctive graphic. Available in clear or smoke tint.

Dimensions: 18" H x 22" W

Part#

SS-24-V-C Clear

SS-24-V-T Smoke

SS-28 Sport Fairing

Contemporary styling for today's motorcycles, rich, multi-colored graphics, full headlight seal, and Slipstreamer's adjustable mounts set the SS-28 even further apart from the rest. Specially computed compound-curve bottom edge fits both round and square headlights perfectly. The SS-28's smart, smooth styling comes in dark smoke and crystal clear acrylic.

Dimensions: 15" H x 29" W x 19" B

Part#

SS-28-C Clear

SS-28-T Dark Smoke

All shields come standard to fit both 7/8" and 1" handlebars.

CRUISERS

Falcon 16" Clear

SS-20 Stealth

Announcing the rebirth of a classic fairing now with excellent protection and an eye-catching look. First produced in 1979, the Stealth graced our line for more than 12 years. The newly redesigned shield has flowing, sculptured curves and is being reintroduced with an all-new name, graphics and anodized aluminum hardware to fit today's bikes. Fits with 7/8" and 1" handlebars. 1 1/4" and 1 1/2" adapters are available.

Dimensions: 14" H x 30" W

Part#

SS-20-C Clear

SS-20-T Smoke

SS-30 Classic

A clean, beautifully designed shield that adds a custom look to many popular Japanese- and American-styled cruisers. We manufacture mounts to fit standard, tapered, over-sized and wide glide forks. These universal mounts work because of their adaptability to fork spans, diameters and pitch. These versatile mounting systems and their fasteners are all triple chrome plated for a beautiful finish. The windshield is constructed out of 3/16" Lucite acrylic. It comes in both 17" and 22" heights and measures 23" in width. It is available in both clear and light solar tint.

BILLET SERIES

Bullet 15"

Bullet 18"

Bullet and B-Wing

- Billet Aluminum hardware
- Universal Mounts
- Interchangeable glass
- Adjustable - up and down
- Adjustable - left and right

The billet series of shields by Slipstreamer is a unique new way to enjoy wind protection. It is a mirror polished, chrome plated, billet aluminum, truly "universal" hardware mount. One bracket fits 7/8" and 1" bars on virtually any motorcycle. Its design allows adjustability of the shield up/down, hardware mounts left/right as well as rotational to allow easy mounting anywhere along the handlebars.

Here is the best part...Any of our new billet series shields fit the same bracket! One bracket...many glass options to choose from with more in the design stage. This means you will be able to change shields like you change clothes. Hot outside, use the 15" Bullet. When it gets colder, snap-snap and put the B-Wing 18" on for more protection. This is the most attractive, functionally sound designed shield Slipstreamer has ever introduced.

Dimensions: Bullet = 15"w, B-Wing = 19"w

SS-1-P Headlight Cutout

SS-2

SS-2P

SS-2 "Big Country" / "Big Country Extreme"

Slipstreamer, Inc. is pleased to announce the addition of the new SS-2 Big Country ATV windshield to our fine line of windscreens. This screen offers new features that we hope will give our customers more of a selection to choose from.

The SS-2 offers much more wind and safety protection than its little brother the SS-1 screen. It measures a full 6" wider at the hands, 1" higher at the top and a full 4" wider at the body. It is manufactured out of **.093 Polycarbonate, which is more than 15% thicker than our competition!** Thicker polycarbonate means stronger impact protection.

Polaris RZR Series

Slipstreamer Inc. is pleased to introduce the new line of shields for the UTV market. We manufacture three shields for the Polaris RZR UTVs: full, visor and an aerodynamically designed vented back window to help cut back on the back draft effect. Because of its superior scratch resistance and toughness, all UTV shields are made from 0.177 Lucite acrylic. Shields are mounted with strong, anodized aluminum adjustable fasteners, and all hardware is rugged and rust proof. The biggest benefit of our shields over others is that everything is mounted within the UTV frame, protecting the windshield from limbs and branches and shielding the rider from being cut or scratched on exposed edges. All windshields mount in between frame.

H-5 ELITE

Scoot Series

Slipstreamer Inc. is pleased to introduce a new line of wind protection for imported scooters. The Scoot series consists of several models to give riders their choice of protection. All shields are manufactured of strong 0.150 Lucite acrylic and mounted securely to the mirror stanchions. Anodized aluminum and powder-coated steel hardware. The mounts are universal so one kit fits most scooters with 8 mm mirror threads. A 10 mm adapter kit is also available, #010Y. All shields include the windscreen and hardware complete in the box.

Part#

Cleaners

Cleaner/Polish/Restorer

Restores, cleans and maintains optical clarity on plastics. This rich cream is the best final for all plastic surfaces. Leaves an original, like new shine and protective finish after each use.

Scratch Remover

It will remove small scratches, swirls, scuffs and oxydation from acrylic (Plexiglass), hard coated polycarbonate (Lexan) as well as clear coated paints. Always finish by using our Plastic/Polish/Restorer to bring back the luster and shine.
